DOCKETED BY

Comments: Energy Efficiency and Demand Side Management are positive required steps needed at all Az Electric Utilities to reduce our future energy usage. The incentive programs currently in place by electric utilities have promoted thousands of new/retrofit projects that reduce electrical usage and KW demand. The AZCC needs to keep these programs in place now and in the future to promote the most efficient selection of electrical powered products in commercial, industrial, schools, etc. Thank You Don Brandt, ASHRAE and IEEE Member

Nature of Complaint:

Docket No.: E-00000XX-13-0214

Email:

Comments: I am totally opposed to the CC acting to cut state requirements for APS and other utilities to conserve their projected electricity sales by 22% by the year 2020. The requirement was adopted in 2010 after appropriate and wise deliberation and comment by a bipartisan CC. Let us be a driving force for the 21st century energy conservation movement.
